These instructions will assist existing Midwives Learn users when updating their personal information or profile.

**Getting started**

You will need a Midwives Learn account, and must be logged into the eLearning portal. If you do not have a Midwives Learn account, or are unsure how to log into the portal, please review the following guides prior to proceeding:

a) How to create a new Midwives Learn account
b) How to log in with an existing Midwives Learn account

**Updating your profile**

1) You may notice the following banner at the top of the page. Click on the arrow next to your name (circled below).

2) Select ‘Profile’ from the drop-down menu.
3) Your 'User details' will appear in the centre of the page. Select 'Edit profile' which is located just above your email address.

4) From here, you can update your username, password, name, email address, etc.

We hope you enjoy the courses you have been enrolled into on Midwives Learn. For general ACM Midwives Learn enquiries, please contact the ACM Education Unit by education@midwives.org.au or (08) 7129 4431. We will endeavour to process your request within 48 hours.
